Notes: This yearling red female has been a powerhouse in our yearling pen, originating from one of our most maternal lines, tracing back two generations to the renowned Mister AK-47. Notably large in her skeletal structure, stout from the ground up, and retaining many of those classic traits that are increasingly rare to find today.

Notes: Revved Up is a wild, fronted, big-ribbed, and bold type of buck that necessitates a show ring appearance in the near future. This December kid originates from one of our most eagerly anticipated flushes out of MFR1 Paint The Town Red (23' NGC SLBNK Blackstones' full sister) and sired by DLAC Suited Up, who secured second place in his class at the 2024 National and his granddam on the top side being the 19' NGC MM7 Saratoga. Unfortunately, we lost Suited Up shortly after this breeding and were unable to get him collected in time. Consequently, this is the only genetic cross out of this sire.
